Gen-Tel Plans to Spend \$6,251,800 For Improvement and Expansion

GRAYLING—General Telephone plans to spend a record \$6,251,800 for service improvement and expansion in its northern Michigan service area in 1972. E. W. Lankheet, northern division manager for the company, has announced the division includes 37 exchange communities in the Alpena, Grayling, Manistique, Pickford and Roscommon districts.

"Our 1972 plans include improvement and expansion projects for both local and long distance service in each of our five districts in the northern division," Lankheet said at a Grayling news conference held to announce the 1972 program.

The \$6.2 million construction budget is nearly \$800,000 larger than the \$5.5 million program currently being completed for 1971. General Telephone has spent nearly \$26 million on service improvements and expansion in the northern division in the past five years.

In all, 52 individual projects in the division will add 4,200 lines, 4,900 terminals, 24 ticketers and 684 carrier channels within the northern division which provides service to more than 58,000 telephone locations in communities of 17 northern Michigan counties (Alcona, Alpena, Antrim, Baraga, Charlevoix, Cheboygan, Chippewa, Crawford, Delta, Kalkaska, Mackinac, Montmorency, Oscoda, Otsego, Presque Isle, Roscommon and Schoolcraft).

Two incumbents and a new comer to the council filed petitions. Derek McEvers, present mayor and councilman Robert Golic will be seeking another term. Leo Palmer of 1102 County Road also filed for the other vacancy.

Councilman Paul Thomson whose term expires decided not to seek re-election.

Election for the councilmen for four year terms will be held at the City Building on James St. on Tuesday, November 2.

Effort To Stop Welfare Funds Misuse

While most welfare recipients have legitimate need, the relatively few cases of fraud are nonetheless a serious concern to administrators and taxpayers. A new, cooperative effort has been launched in Michigan to assure that welfare funds go to those who really deserve and need them. The program involves state and local officials, as well as private citizens.

State Representative Louis K. Cramton, Midland, is leading the effort, which is keyed to citizen reports of possible fraud cases in the five counties that make up the 103rd Legislative District.

"I am convinced that we must eliminate the abuses and fraud under the present system," Cramton said. "This will allow us to more adequately support and sustain the integrity of the legitimate and truly needy recipients."

He urged citizens to notify their county social services agency of questionable practices regarding any form of public assistance, including ADC, food stamps, rent and medical aid.

Cramton noted that persons reporting by letter or phone need not identify themselves if they don't want to do so.

"Citizens may know where the individual abuses of these programs are happening," said the legislator. "There is no doubt in my mind that welfare fraud, where it exists, is eating up hard-earned tax dollars, and taking food and clothing away from the truly needy," he added.

In Crawford County, citizens may write to Don Burkett, Social Service Director, Court House, Grayling, Michigan, or phone 348-7891.

First Hearing at Cadillac Oct. 28

River Use Dates Set

The State Department of Natural Resources announced it will hold public hearings Oct. 28 in Cadillac and Dec. 1 in Lansing on proposed canoeing regulations.

The dates were confirmed at a policy meeting of the AuSable River Study Group of the Northeast Michigan Regional Planning and Development Commission in Grayling, Tuesday, Oct. 5, according to Willard Bosserman, County Extension Director. The first hearing will be held in the Navy Armory Cadillac, October 28 at 7:30 p.m. The second hearing will be in Lansing December 1, at 1:30 p.m.

A third public hearing will be held in Lansing in February, at a date to be announced later, to consider findings of the special AuSable River use study currently being conducted by the University of Michigan.

The University of Michigan user study will be completed and published by February. This study will give more information upon which to base decisions. The University of Michigan study is part of the study being conducted by the Northeast Michigan Planning Group.

George Byelick, coordinator of the AuSable Study for the Northeast Michigan Regional Planning and Development Commission, presented a time table for the different studies. Much work is yet to be done on the study. The final report is expected to be completed in June of 1973. This doesn't mean that much cannot be of value before June 1973, Bosserman reported.

James Williams, Director of the Northeast Michigan Regional Planning and Development Commission explained the composition of the policy committee. It is composed of the AuSable River Watershed Study Council, County Planning Commission, County Department of Public Works and Department of Natural Resources. This committee sets policies under which the study will be conducted.

The task force is composed of different agencies, primarily, which can supply some technical input into the study.

District Health Dept. #1

hopes to have the new regulations in force by the start of the 1972 trout season.

Conflicts between canoeists and fishermen and complaints by owners of river front property mainly prompted the new regulations. Rafts and other non-motor watercraft also would be affected.

Under the proposed regulations, the use of canoes on more popular streams would be governed by a permit and quota system. Littering and proper use of the rivers and their banks also would be controlled.

At present, there are no such regulations for canoes.

The rules could be extended to cover any other waters in Michigan.

The AuSable, Manistee, Pine and Pere Marquette Rivers would be the first streams to come under the protective rules. The following sections of those streams are in line for controls

to regulate their use.

Main streams of the AuSable from Grayling in Crawford County to Parmelee Bridge west of Mio in Oscoda County.

South Branch of the AuSable from Roscommon to the main stream of the River.

North Branch of the AuSable downstream from Kellogg Bridge in Crawford County.

Manistee River from County Road 612 down to the CCC (Sunset Trail) bridge in Crawford and Kalkaska Counties.

Pine River from Edgett's Bridge to Manistee River.

Pere Marquette River from the Forks to Indian Bridge.

Under rules now proposed for these streams, canoeing would be covered by a daily permit system from the opening of Michigan's trout season through the end of June. The permits would be issued by the Department of Natural Resources offices to limit the volume of traf-

fic on each section to 30 canoes per hour during that period.

On the same stretches of the four rivers designated by the Commission, canoe use would be restricted to the hours between 7 a.m. and 6 p.m. from the start of trout season through Labor Day.

The DNR's proposed rules for low-use sections of the AuSable, Manistee, and Pine rivers or their tributaries focus upon a seasonal permit requirement covering streamside owners and a daily permit system to regulate non-riparian owners from the trout opener through the end of June.

Under that plan, non-riparian owners would be issued permits to space their individual launching of canoes and other non-motorized watercraft at 5-minute intervals. Streamside owners would not come under that time-spacing restrictions in these waters.

Defeat Ironmen 24-6

Pellston Here Friday

With an impressive 24-6 win over the Mancelona Ironmen last Friday evening, the Vikings successfully started their bid for a third straight Northern Lower Michigan League title.

This dropped the Ironmen back to third place with a 2-1 league mark, with Grayling taking second with 1-0, behind Onaway's 3-0. The Cardinals bombed Pellston 47-0 to stay undefeated.

This Friday night, the Vikings will be at home when they take on the Pellston Hornets in another league contest.

The Ironmen scored first when Ron Starkey broke away for 45 yards to the Viking's 2 yard line, with Bill Gildas plunging over on the next play to give Mancey a 6-0 lead at the end of the first quarter.

Midway in the second period, Terry Fitzpatrick engineered an 85 yard march, and scored on a quarterback keeper from 3 yards out. He also carried for the conversion, and the Vikings went a head to stay 8-6 at halftime.

The Vikings put another 8 points on the scoreboard in the third quarter, when Fitzpatrick again scored on a 1-yard sneak behind the blocking of center Brad Hatfield and guards Steve Persing and Marc Harland. Fitzpatrick passed to Dan Moore for the 2-point conversion, to lead 16-6 going into the final quarter.

Sparked by three key interceptions in the second half by Jim Tobin, the Viking's defense stopped the Ironmen's offensive threat, and set up the final TD when Mike McNamara recovered a fumble on the Ironmen's 45 yard line.

The final touchdown was set up by a 35 yard pass from Fitzpatrick and a circus one-handed catch by Tobin to put the ball on the 7 yard line, with Kim Parkinson taking the ball into the end zone from the 7. Parkinson also ran the 2 point conversion.

An all around team effort enabled the Vikings to gain their first league victory. The line did an exceptional job in their blocking assignments.

Fitzpatrick again led the Vikings on offense as he hit on 7 of 16 passes for 118 yards, and carried the ball 26 times for 134 yards rushing.

The Vikings will now be home for their next two games, and then will be on the road for the final two. All games left are with league foes.

EDITOR'S MAIL BOX

To the Editor of the
Avalanche

Dear Sir:

I wonder if we really appreciate the fine library in Grayling? While here on vacation last summer our daughter remarked that it is much better equipped and more up to date than the one they use in Florida.

Guess it is only human nature to take blessings for granted. Being an avid mystery fan I was pleasantly surprised recently to discover a lot of mystery books had been placed very conveniently on a nearby table. Now I can make my selections very quickly and not have to hunt through all the shelves. My thanks to the staff for another extra service they have so thoughtfully provided.

Very sincerely,
Mrs. Fred Martin

Debra Lee Hawley, daughter of Mr. and Mrs. Calvin Hawley of Route 1, Grayling, became the bride of Ronald R. Calkins, son of Mr. and Mrs. Ray Calkins, of Grayling, on Saturday, Aug. 28.

A double ring candlelight ceremony was performed at six o'clock by Rev. Paul Frederick at the Michelson Memorial United Methodist Church before 150 relatives and friends, in a setting of deep pink, light pink and white gladioli.

Mrs. Forest Annis was the organist and Beth Ann Millikin, cousin of the groom, was soloist. Selections presented were "Love Theme" from Romeo and Juliet and "We've Only Just Begun."

The bride was escorted to the altar on the arm of her father. She wore a gown of chantilly lace over taffeta, fashioned with a basque waist with a white satin bow in back, high neckline, long tapered sleeves with ruffle cuffs and a full skirt of lace tiers extending into a chapel train. She wore a bonnet styled headpiece of chantilly lace and white beads and streamers of satin held her elbow length veil of imported illusion. She carried a bouquet of white and light pink daisies and deep pink pom-poms with flowing white streamers entwined with daisies.

Mrs. Connie Argue, sister of the bride, was matron of honor. Bridesmaids were Mrs. Judy Cooper, aunt of the bride, Mrs. Sylvia Millikin and Mrs. Pat Millikin, cousins of the groom. Mrs. Argue and Mrs. Cooper wore empire styled gowns of hot pink chiffon over taffeta with full-bilow sleeves with deep cuffs and ruffled neckline. The high waist and cuffs were accented with floral braid trim. The other two bridesmaids were attired in matching empire gowns of light pink nylon over taffeta with puffed sleeves, boat necks, with bows and streamers in the back. They were trimmed with flowers on the sleeves and waist. The bridesmaids' veils were of hot pink and light pink, respectively, and were made of soft petal flowers and they carried bouquets of white and light pink daisies with flowing contrasting streamers.

Billie Jo Hawley, sister of the bride, was flower girl. She wore a dress of light pink dotted swiss styled similar to the brides. Her

elbow length veil of light pink was held by a light pink velvet bow with flowing daisy streamers. She carried a basket of white and light pink daisies with light pink and hot pink bows.

Ross Argue, brother-in-law of the bride, served as best man. Groomsmen were Robert E. Cooper, John Millikin and Bob Millikin. Ushers were Gary Calkins, brother of the groom, and Bill Wiseman. Greg Calkins, another brother of the groom, was the ring bearer.

For her daughter's wedding, Mrs. Hawley wore a melon bonded knit dress with white accessories. Mrs. Calkins wore a coral bonded knit dress with jeweled neckline and white accessories. Both mothers wore corsages of yellow and white daisies.

A reception was held at the Beaver Creek Township Hall immediately following the ceremony. Pink and blue decorations carried out the color scheme. The four-tiered wedding cake was made by the bride's aunt, Mrs. Thomas Galloway.

For her going away costume, the bride wore a red knit dress with matching accessories. Following a honeymoon in Northern Michigan, they are residing on Lesleigh Road.

Debra is a senior at Grayling High School and Ron graduated from Grayling High in 1965.

Out of town guests were from Flint, Garden City, Millington, Owendale, Kingston, Higgins Lake, Gaylord, Midland, Frederic, Bay City, Roscommon, Union Lake, Clare, Clifford, West Branch, Jackson and Lansing.

The rehearsal dinner was hosted by the groom's parents on August 27 at the San Sheri Steak House.

I get plenty of teasing from the fellows at the plant about my cave. They call it "Crockett's Cure-all for Tired Executives." And they're right.

Drifting alone on the still water, tiny under the full sky, things fall into perspective. A bird calls, upriver a fish arches, a passing breeze brings blossom scent. Somehow, no matter how thorny my problem, the harmony of God's nature takes the kinks out of me.

Things weren't always this way. A few years back a tree was just a tree to me — a lake, a lake. Now, wherever I look, I see God's goodness.

It all started one evening when, worried and depressed, I wandered into a church. I can't remember now what was sung or read, but I will never forget the sense of God's presence. Since then, God's Church and teachings have been my strength.

Your church offers inspiration and a fresh viewpoint. Take advantage of it.

American Newspapers

National Newspaper Week is much more meaningful in the United States than it would be in any other country, because nowhere else in the world is freedom of the press as well established or as jealously guarded as it is here.

It is not by accident that a free society depends upon a free press and vice versa. The two are inseparable.

In fulfilling their responsibilities as honest chroniclers of the news, American newspapers perform a more important service than informing the public about affairs of politics, commerce and human failures and accomplishments, vital though these efforts are.

The free press stands as a roadblock between the unorganized individual citizen and organized society which threatens to swallow him in its excesses. Let a voice of honest dissent arise, and the newspaper is there to record it. Let bureaucracy try, in a thousand devious ways, to put something over on an unsuspecting public and the newspaper is there to expose it.

Let a national cancer reach the dangerous stage, and newspapers serve as meeting grounds for arguments seeking a course of action. Let a major calamity strike a part of the people, and the newspaper leads in lending a helping hand.

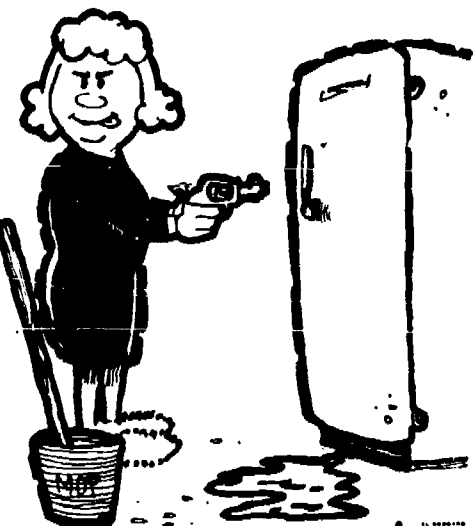

It is not easy—at time, it is most difficult—to act faithfully as an adviser to so many masters and yet be subservient to none. The American exercise of the right of a free press is not perfect, but the fact it is the best there is was not achieved easily.

Freedom of the press is not the exclusive property of the newspapers. It belongs to each citizen and can endure only so long as he recognizes and practices his part in the whole scheme of things.

National Newspaper Week is not so much a time for celebration as a time for renewed dedication to the essential principles for which this and every American newspaper exists.

Regardless of how difficult the problems of an era may be, so long as the free press exists and prospers a primary tool for their solution remains in the hands of the people. —Ft. Collins, Colo., Coloradon

Traverse City State Hospital Looks Forward to Christmas

It may seem a bit early to begin planning for Christmas but not if you had to plan for as many as 1,800 people, as does Traverse City State Hospital. A great amount of time and effort in behalf of the hospital's patient population is required to insure a "Merry Christmas" for all patients.

It takes time for clubs and civic organizations, churches and schools, to formulate plans and to take action in time to participate in the Christmas effort at the hospital.

Organizations within the 39-county area assigned to the institution are invited to begin at this early date to make plans to take part in the Christmas activities for Traverse City State Hospital patients. Volunteers will begin wrapping presents on November 8. The hospital would like to receive as many of the gifts as possible by that date. Certainly gifts should not arrive later than December 1.

The sorting and wrapping of all gifts is a tremendous task. It takes much time and effort on the part of our volunteers. It must be completed by the 17th of December.

Each year the Community Relations Dept. obtains a list of all patients on all wards with their needed or desired items. The hospital tries to provide gifts on the basis of this list as much as possible, but it can do so only if gifts arrive early enough. Gifts do not have to be expensive but they must be new. Civic groups, clubs, churches, schools and individuals are cordially invited to take part in the 1971 Christmas program. It is suggested that some of the men's service organizations concentrate on gifts for men, school children on gifts for children, etc. Gifts should not be wrapped, but wrapping materials should accompany them. Such items as toiletries for both men and women, inexpensive items of clothing for all ages from 5 to 100 years, books, games, puzzles, smoking materials, fruit, candies and an inexhaustible list of Christmas gifts are suggested. Additional information can be obtained by writing to Community Relations Department, Box C, Traverse City, Michigan 49684. Gifts, when sent to the hospital, should be addressed the same way. Be sure the name of the club, organization or individual is in the package.

"If It Fitz . . ." — By Jim Fitzgerald

4-minute test flunked

At breakfast this morning my wife greeted me with: "I was awake from 3 to 6 a.m. listening to you snore."

This isn't the worst. On other mornings she is even more evil because of something I did in her dream the night before.

"Boy, were you a dirty rat last night," she'll say. "You were 2 years late getting home for dinner and you had nerve enough to give me heck because the food was cold."

Our marriage is obviously in real trouble. So says 1 of the nation's most prominent psychiatrists, Dr. Leonard Zunin, director of the Institute for Reality Therapy in Brentwood, Calif. He recently said the success or failure of marriage can depend on what happens between a husband and wife during two 4-minute periods each day — when they wake up and when the husband gets home from work.

"These are periods of intense communication. And what comes through to the husband and wife is not only conveyed by spoken words. From 50 to 90% of the message is transmitted by body language," Dr. Zunin said.

"The body postures, attitudes and gestures of each mate make swift subconscious impressions on the mind of the other mate," he said.

Hoo boy. Please pass the lawyer.

When the alarm goes off at our house, I get up first and head for the bathroom. Sometimes I am careless and pull the blanket off my wife. "I am freezing," she says sweetly. "PUT THE BLANKET BACK!"

Thus begins our crucial 4 minutes.

We next meet in the kitchen.

Long ago my wife decreed that I must kiss her each morning just before breakfast, otherwise I don't love her. But this is hard to do when I have snored, or misbehaved in her dreams, or pulled the blanket off her. She gives me a full dose of the "body language" and I can't catch her. She always has her back to me and, when I approach for the smooch, she moves away, from stove to toaster to refrigerator, acting all the time as if she doesn't know I'm on her trail, trying to fulfill my husbandly duty.

Finally, I give up and eat. She sits down opposite me and asks: "Why didn't you kiss me good morning?"

"Because I am not the type who runs and kisses," I say.

And the first 4 minutes are up.

Things aren't any better during those important 4 minutes in the evening, when I return from a hard day's work.

"How come you're late?" she says.

"Why don't you greet me at the door with a smile and a drink, like in the movies?" I say.

"I made the drinks yesterday. It's your turn today," she says. "I had a tough day at the office," I say.

"I called you at 4 o'clock and they said you weren't back from lunch yet," she says.

"I was out shopping for a new ring for my nose," I explain.

Then comes more body language. I can tell she is unhappy simply by the way she moves her right leg, eloquently propelling her well-shod foot into my shin.

And the 4 minutes are up.

A Flip Of The Lip Could Sink A Ship

Sen. Edmund Muskie, the present front-runner for the Democratic nomination for president, may have gone and done it.

That's the sort of a queasy feeling that recurs in light of his recent comment about a Negro on the national presidential ticket.

Sen. Muskie is reported to have said that in his opinion, a ticket with a Negro running for vice president was not electable at this time.

His comment, it seems to me, is a legitimate if arguable analysis, coming as it does from a man who just three years ago conducted a nation-wide campaign for vice president himself, and since election day has been criss-crossing the country, talking with voters and politicians at all levels, building his own base for a swing at the top job in 1972.

But the feeling persists that Mr. Muskie's remark, for all its objectivity and candor, may well be around to haunt him.

The reaction was immediate in some corners. Rep. John Conyers of Detroit, a fellow Democrat and a Negro, used it to buttress his strategy that no matter who gets nominated by the major parties, Negroes better have a presidential ticket of their own.

Sen. Robert Griffin of Michigan, who will be up for re-election in 1972 in a state with a lot of Negro

voters, pointed out that in his view Muskie was wrong, and that if Mr. Agnew were not to be included on the Nixon ticket next year, that Sen. Edward Brooke of Massachusetts, a Republican, and the only Negro in the Senate, would add great strength to a Nixon ticket.

Others have reacted—and will continue to react to Muskie's analysis as the months unroll.

But what did Sen. Muskie actually say? I wasn't present, of course, and press reports tend to become a little garbled as they roll through such interpreters as Rep. Conyers and Sen. Griffin and others.

It appears that Sen. Muskie gave voice to what, in his mind, was a fair analysis—that at this point in our country's history, a Negro running for either president or vice president could not get elected, because he (or she) is a Negro.

A lot of people would agree with that analysis, and many who agree would also lament—as Muskie did—that doubts cast a sorry shadow on the fabric of American society's state of mind at the present.

From a political standpoint, it appears that Sen. Muskie should not have said what he said, even if he believes it. It does not help him in his quest for both political and popular support for the presidency; indeed, it may well harm him in ways he does not even imagine yet.

Jehovah's Witnesses Activities

Robert Kirm, presiding minister of the Grayling congregation of Jehovah's Witnesses, announced the tri-annual visit of circuit supervisor Glen B. Ooley the week of October 12-17.

"The congregation anticipates a week of increased activity and spiritual benefit from Mr. Ooley's visit," Mr. Kirm stated.

The visit is described as part of an advanced training program for Jehovah's Witnesses. The activity scheduled is also designed to encourage more Bible discussion and study by people of all faiths in the community.

The program will begin Tuesday at 7:30 p.m. with a ministry training school followed by a 30 minute discourse by Mr. Ooley.

Wednesday through Sunday some time will be devoted to field missionary service each day. Mr. Ooley will join ministers from the local congregation in making calls on residents in the community. This is part of the regular door to door ministry and training program of Jehovah's Witnesses.

The Saturday evening program begins at 8 o'clock with a Bible question period, "New Things Learned." A 30 minute discourse by Ooley dealing with suggestions for improving one's personal ministry conclude the session.

Highlight of the week comes Sunday at 10 a.m. when Mr. Ooley gives the public talk, "Is The Truth Transforming Your Life." A congregation Bible study using the "Watchtower" magazine as an aid and final remarks by Ooley brings the week's activity to a close. All meetings will be held at the Kingdom Hall, on W. Kalkaska Rd. The public is welcome and no collections are taken.

your week ahead

BY DR. A.W. DAMIS

Forecast Period: October 18 - October 25

ARIES

Mar. 21 - Apr. 19

Keep one thing in mind: Time goes when you are in love - and with time, love goes. Some Arians will face problems in the romance department.

TAURUS

Apr. 20 - May 20

Do all in your power to put off an important decision. According to stellar patterns - all of the facts are not in as yet.

GEMINI

May 21 - June 20

Prepare to take a little constructive criticism from your mate, or similar alliance.

MOONCHILD

June 21 - July 22

It seems as though you will be in the mood to "weed out" a few of your "friends." Also, someone might pin you down with the story of their life.

LEO

July 23 - Aug. 22

Thoughts of changing jobs or locality shows in the charts for Leo people. Stellar patterns warn against your being out of touch with reality.

VIRGO

Aug. 23 - Sept. 22

Taking on added responsibility in your job, task or mission is likely this week. You are inclined also to step out of character by "showing off." Don't let minor gains go to your head.

LIBRA

Sept. 23 - Oct. 22

This happens to be one of those periods when you will insist that you "did not" when you really "did."

SCORPIO

Oct. 23 - Nov. 21

It seems as though you have built up a good case against someone - now you are ready to take action. Meaning? Let the chips fall where they may!

SAGITTARIUS

Nov. 22 - Dec. 21

According to your chart, you are prone to being somewhat flippant toward a member of the opposite sex.

CAPRICORN

Dec. 22 - Jan. 19

There is nothing unusual in your chart for the present. But, indications of what to expect next week, will come to you in "bits and pieces."

AQUARIUS

Jan. 20 - Feb. 18

Problems might develop in group activities and social functions that will not be to your advantage. Stick close to home base.

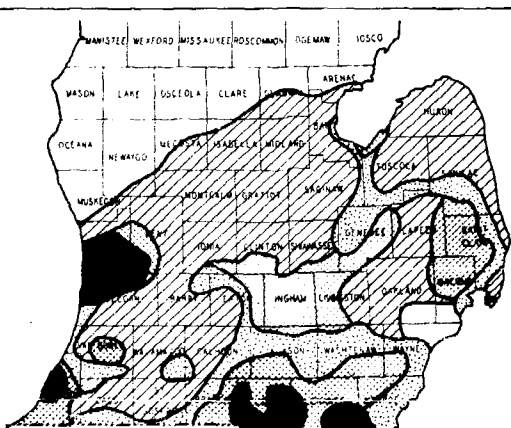

PISCES

Feb. 19 - Mar. 20

For those under your sign, so inclined, a new relationship with a member of the opposite sex should take hold during the present cosmic cycle.

1971 LOWER PENINSULA PHEASANT DENSITIES

This map shows how Michigan's pheasant populations compare this fall from area to area. As a whole, southern Michigan's pheasant numbers are up 10 percent from last season when hunters took an estimated 480,000 ringnecks. Last summer's brood counts revealed that the birds' populations are substantially higher than a year ago in several areas, including Berrien, Van Buren, St. Joseph, and Cass counties. Also having an important bearing on this season's improved pheasant picture are Hillsdale, Lenawee, and Monroe counties. Ringneck numbers have held up at comparatively high levels in Ottawa County, southern Michigan's stronghold for pheasant production. In the central area of the birds' main southern range, pheasant densities are much the same as last year except in Ingham County where they are considerably higher. The birds have shown another downturn in the Thumb Area except in Bay County where they have increased over 1970. Elsewhere in southern Michigan, ringneck numbers stack up closely with last year's levels. They remain low in the marginal sector of their range which includes Gladwin, Isabella, Mecosta, Midland, and Newaygo counties.

Jack Pine's Stump

A good friend died last week. W. O. Hildebrand, or "Hildy" as most people called him. Hildy knew how to live, and he lived every minute to the extent his infirmities allowed. A friend of Governors and gardeners, bar-tenders and big-wigs, the rich and the poor, he loved people. And most people loved Hildy. Oh, sure, he had his prejudices, just as all of us do, and he couldn't stand someone who'd lie to him. It was something he couldn't forgive. A sharp businessman, he owned property around town — mainly houses and places to rent. And if someone couldn't quite make a payment on time, he'd be lenient with those who were in trouble. No one will ever know the extent of his charities, for like many people, he wished no credit for his largesse. In fact, he would go to great extremes at times to cover up. When Hildy was around, Santa Claus was a reality to some families who faced the grim prospect of a dismal Christmas.

Hildy was many things to many people. To the State Legislature years ago he was a powerful and effective spokesman for the insurance interests. To real estate people he was a competitor of no mean ability. To guests in his home, he was a gracious host. To me he was a friend. I'll miss him. So long, Hildy.

Of necessity, this column must be written quite a few days before it appears in print. And this particular one is written several days before my usual deadline. Thus whatever topical news or comment I might have is badly dated. However, I am informed by a reliable source that one of the "Brothers of the Brush"—the bewhiskered Wayne Andrews has put together a radio commentary with the rather interesting goal of "answering" Jack Pine. And not knowing what Wayne might do, I really can't say very much about his program. Not yet.

— JP —

What with a big centennial year coming up, our happy little City ought to get all spruced up. It would be a shame if some of the eyesores along the main drag are allowed to stay in their present state of deteriorating dilapidation. Civic pride demands better. Some of the young people in town are concerned, as is the Chamber of Commerce. That's a dangerous—and unusual—combination.

— JP —

Odds and Ends: DDT is admittedly bad for this country, but in Ceylon, where the insecticide was banned in 1963, there were only 17 cases of malaria. In 1968, there were over a million cases caused by the no-longer-controlled mosquito. So DDT was again permitted.

The State of Arkansas, which has a very aggressive tourism program, has installed a toll-free phone system to 27 states to do nothing but report of the state's fall colors. A call to the number in Little Rock will advise the caller where to go to see the best colors, any time during a 60 day period. According to the news release, visitors by the tens of thousands are flooding the state.

Hunter orange, the fluorescent clothing color used by many hunters has cut hunting accidents in Massachusetts by nearly 70 percent. Wearing of the reddish-orange material is required there by law. Other states are considering the same requirement. Possibly, all states should require it — at least for the rifle hunter. Red or yellow are barely distinguishable at the hours of dawn or dusk when most of the hunters are moving into or out of the woods.

— JP —

I have a friend at work who solemnly told me the other day that the secret of his success was largely due to his wife. "I work a lot of nights," he said, "can't stand her."

— JP —

And from the "Olds Observer" comes this one. A fishing party was helplessly lost in the deep woods. "I thought you were supposed to be the best guide in Minnesota," said one man. "I am," replied the guide, "but I think we're in Canada now."

The young Vikings posted a 34-2 win over Mancelona in a game that was temporarily halted in the 2nd quarter because of a driving hail storm. The teams played the remainder of the game with a layer of the ice balls covering the field.

Despite the weather conditions, JV quarterback Chris Duncley and Randy Sajdak hit on 13 of 26 pass attempts good for 146 yards. Sajdak was trapped in the end zone for a safety early in the game for Mancelona's only score. It was the first score against Grayling's JV in eight games.

The Vikings came roaring back with touchdowns by Sajdak, Walt Kozicki, Dave Bowers and two by Kevin Zimmerman. Sajdak also caught a pass for a two point conversion as did Jim Bobenmoyer. Bobenmoyer lead the pass receivers with 5 catches good for 70 yards. Walt Kozicki was the leading rusher with 81 yards in 12 carries.

Dee Mead, Jim Benedict, Bernie Larson, Sajdak, Chris Weaver and Tom Vajda lead the Grayling defense unit.

The JV's go to Boyne City this Thursday for a game at 6:30 and will be home a week from Thursday against Traverse City.

On September 13th, 1971 a special program was instituted on the campus of Kirtland Community College. Due to the cooperative efforts of the Coor Intermediate School District, 6 local school districts, and Kirtland Community College, training in specialized occupational areas was begun. The area schools are sending some 140 of their Juniors and Seniors to the college, for the training. These students were selected from a large number of applicants, based on student interest and occupational testing, by each local district. Schools sending students are Crawford AuSable (Grayling) 33, Houghton Lake 21, Mio AuSable 9, Ogemaw-Heights 33, Fairview 13, Gerrish-Higgins (Roscommon) 25.

Classes in which students are involved include Welding, Machining, Basic Electricity, Office Procedures, Marketing and Retailing, Cosmetology, and Mechanical Drafting.

One of the special elements of the program is the development of a placement service. In order to accomplish this, work is being done to seek out employment opportunities for high school graduates and compile them in a central location so that students completing a number of hours in the program can be placed on the job. Another aspect of the placement service will be training in the area of job application, such as how to apply, fill out application forms, appearance, etc.

In order to make the program a reality a special grant was applied for and granted to Kirtland to help defray the additional expense of the program for the 1971-72 fiscal year.

A condition of the grant was that funding be sought from the citizens served by the program throughout the entire district. Individual school districts have neither the financial or student base to make such programs economically possible; therefore, Area Centers are being developed across the State to serve Juniors and Seniors from local high schools. In the Kirtland-Coor Area an institution was selected that had facilities and equipment available to operate programs for 11th and 12th grade high school students.

The public is invited to observe any Area Career Center Classes on Monday, Wednesday, or Friday from 1:00-4:30 p.m.

Further information concerning the Area Career Center may be obtained from Mr. Robert Bovee at Grayling High School, phone 348-7013.

Rev. Frederick At Pastors School

ADRIAN — More than 400 ministers from throughout the State of Michigan were on the campus of Adrian College August 30 - September 2 to attend the annual Michigan United Methodist Pastors School for 1971.

Designed primarily to keep clergymen abreast of new thoughts and methods relevant to their work, another purpose of the school was to expose the ministers to a campus environment. At Adrian, the pastors lived in campus residence halls, ate in the College dining hall and held meetings in many of the same buildings that Adrian College students will occupy next week.

"We Have This Ministry" was the theme of the meetings, and special attention was given to the place of the black church in American life.

Among the ministers attending the Pastors School were The Reverend Paul Frederick — Grayling United Methodist Church, Grayling.

CARD OF THANKS

Thanks to the Mercy Hospital and staff for their wonderful care given to me during my stay there. To Doctors Blaha and Hening. Rev. Bilger and members of Calvary Baptist Church for their prayers. To neighbors and friends for their help and cards.

Rep. Lou Cramton Visits in Grayling

State Representative Lou Cramton was in town three times last week, coming up for the Chamber of Commerce Dinner (he hasn't missed one since he started coming four years ago) Thursday evening, back Saturday evening for a gathering of Plumbers and Heating Contractors and their wives at the Chief Shoppenagot Hotel and back again Monday morning for his regular hours at the County Building.

In brief remarks at the Chamber of Commerce dinner, Cramton told the audience that current Democratic reapportionment plans would take the Northern Counties away from him. He is very unhappy at the prospect and hopes the final plans do not separate him from Crawford County.

A state wide plumbing code (HB 4950 and HB 5252 respectively), currently in committee and subject of hearings, were discussed by Cramton at his meeting with the plumbers and their wives.

Representative and Mrs. Cramton were house guests of Mr. and Mrs. George Munford Saturday and Sunday.

CREDIT UNION WEEK OCT. 17-23

ALPENA — Representatives from 28 credit unions in 11 northeast counties will open International Credit Union Week with a dinner-dance Sunday evening at the Alpena Armory.

Similar observances of the 122nd Anniversary of credit unions are being held in 22 other Michigan chapters and in 80 countries of the free world.

Credit Union Week in Michigan, Oct. 17-23, was proclaimed by Governor William G. Milliken as a state-wide salute to 1,100 credit unions and their 1.9 million members, said Bernard Heath, chapter chairman and a representative of the Calteit Credit Union, Rogers City.
